

Put your trust in Canada's leader for  
Mobility and Custom Seating

## Leading the Way Towards Healthier, Independent Lifestyles

At Shoppers Home Health Care®, we are focused on providing Canadians with the most complete selection of specialty home health care products and services, tailored to meet your needs for health recovery and maintenance. With over 70 locations across Canada and growing, we are the country's largest retailer of home health care products and services.

Built on a foundation of professional expertise and personal service, Shoppers Drug Mart® and Shoppers Home Health Care have been meeting your health care needs for over 40 years. Our team approach supports the recommendations of health care professionals and makes certain that each individual achieves and maintains the highest level of independence and comfort possible.

Put Shoppers Home Health Care to the test, and experience the service and satisfaction that our clients have come to expect.

## Your Mobility Experts

Every year, our mobility and seating consultants work with thousands of Canadians who require mobility equipment to help improve their level of independence. We know that there are a wide range of chronic conditions, injuries, or even just age that can lead to someone requiring this equipment, but we also know that our unrivalled knowledge, experience and range of services lead to more people choosing Shoppers Home Health Care to help them gain greater independence when faced with these challenges.

From the first free consultation, to the delivery of your new mobility device, when you choose to work with Shoppers Home Health Care you will experience a seamless integration of expert knowledge, technology and service. Our highly trained mobility consultants and technicians will work closely with your Occupational Therapist, Physiotherapist or other healthcare professional to determine the ideal combination of comfort, practicality and usability for your new mobility device. Whether it is a simple walker, the latest in lightweight wheelchairs with custom seating, or a high-tech powered mobility device, we provide all of our clients with the best solution to their specific individual needs.

## Custom Seating\*

For many of our clients, their new mobility device becomes the most important addition to their lives, and their continued comfort is of utmost importance. Our consultants work with your therapist and our technical service teams to develop seating combinations that are a perfect fit for your individual seating needs.

## More Than Just Mobility

Our involvement with improving our clients' independence may begin with their new mobility device, but Shoppers Home Health Care is a full-service provider for all of our clients, offering an unequalled range of products and services all under one roof.

## Service & Repairs

Our dedicated technical service departments are there when you need them to help you with any technical issues. We pride ourselves on keeping all of our clients' mobility devices in perfect working order, and provide replacement equipment in the event that we need a little more time to work on your equipment.

## Lifts & Home Accessibility

Our Lift Services Division works with many of our mobility clients to provide home access and transfer solutions for every situation. We are Canada's leading installers of porch lifts, ramps, home elevators and ceiling lifts and can provide a free home assessment on request to help you make your home more accessible.

## Wheelchair Vans & Modifications

We are the leading provider of transportation solutions for Canadians seeking to maintain their independence, no matter what level of mobility challenge they are facing. With a network of over 70 locations across Canada, including 17 dedicated Automotive Dealerships, we provide all types of conversion solutions, assistive driving controls and all related automotive products to meet your individual needs.

## Home Health Care Equipment

For everything else you may need to help you or your loved one, you can trust the friendly and knowledgeable staff at your local Shoppers Home Health Care retail store. A full range of transfer and home safety equipment, along with innovative aids to daily living are available, along with helpful advice on ways to make your home safer and more accessible.

\*Custom seating options and availability may vary by region. Check with your local Shoppers Home Health Care representative for full details.
